

Hello, I'm Bobbie.

Meet Bobbie

Cheers! No more hot water issues. Now you have a smart water heater.

Light indicator

Gives feedback on the status of your Bobbie.

ON/OFF button

A physical ON/OFF switch.

Control your water heater with our mobile App

Thanks to MClimate's intuitive mobile app, you can heat up the water at home, no matter where you are.

Slideout Menu

condition

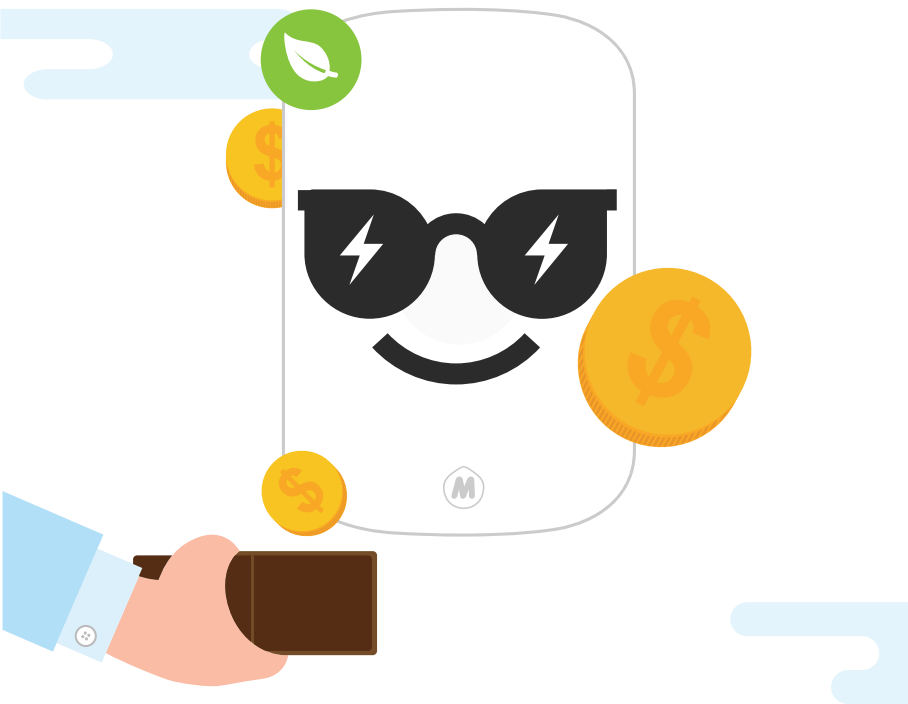

Geolocation PREMIUM

Bobbie uses your smartphone's geolocation to set the water heater OFF when leaving and ON when arriving at home.

Savings

Bobbie's ECO function saves you up to 25% on your water heater's energy consumption every month.

Analytics PREMIUM

Monitor your water heater's energy consumption and your cash savings.
